

COINCIDENCE POINT AND COMMON FIXED POINT OF
 (\mathcal{Z}_G, g) - b -SIMULATION TYPE CONTRACTION ON MODULAR
 b -METRIC SPACES

SHISHIR JAIN AND YOGITA SHARMA

ABSTRACT. In this paper, we introduce \mathcal{Z}_G - b -simulation type contraction in modular b -metric space and prove some coincidence and common fixed point results, which generalize the results of Khojasteh *et al.* in [22], Liu *et al.* [25] many more previous results.
